

# Where can I get my flu and pneumonia shots?

Talk with your doctor about getting your flu shot each year. You can get a flu shot from your doctor during an office visit, or your doctor's office may offer a flu shot clinic. If you are over 64, you may need a one-time pneumonia shot. Check with your doctor to see if you need a one-time pneumonia shot.

Flu shots are also offered at certain in-network chain or independent pharmacies at no additional out-of-pocket cost to you. Some in-network chain pharmacies are listed below. Some may also offer pneumonia shots. (Call ahead to confirm.)

For more in-network pharmacies offering flu or pneumonia shots in your area, call Customer Service at the number on the back of your member ID card, 8 a.m. to 8 p.m. local time, 7 days a week. Please check with your local pharmacy for more information, and bring your health plan member ID card with you.

Other pharmacies are available in our network. This information is not a complete description of benefits. Contact the plan for more information. Limitations, co-payments, and restrictions may apply. Benefits, premiums and/or co-payments/co-insurance may change on January 1 of each year. The pharmacy network may change at any time. You will receive notice when necessary.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan's contract renewal with Medicare.
